

# RUSTPROOFING

## doesn't get any better than this!

Corrosion FREE is a clean, clear, drip-free lubricant gel. It will never crack or peel. It is especially formulated for today's better built vehicles. It protects all metals, not just steel. For older vehicles, it releases cleaners and moisture inhibitors to penetrate and treat damaged areas establishing a basis for the *Cure for Rust™*. A treatment at least once every 18 months is the best protection you can give your vehicle.

*Just because you*  
**Wannakeep it**  
*or because you care*
